**Gifts & Specialty Items**

**Ceramic Photo Mugs** (11oz White Mug \$18.99) (15oz White Mug \$19.99) (11oz Black Mug \$21.99)  
 The photo on the mug faces you while drinking if holding your right hand. The photo can be wider than it is tall; wider photos wrap further around the mug. The actual pixel count of the mugs is 450x1275 for 11-ounce mugs and 525x1275 for 15-ounce. If you submit an image that size and choose the no-crop option in the shopping cart, your entire image will be printed. (The no-crop preview in the cart is not quite accurate in the case of mugs. Highly rectangular images appear to have added white space top and bottom, but they will print correctly.) Color reproduction on mugs is not as accurate as on photographic prints. Mugs are very durable and dishwasher-safe.

**Photo Buttons** (3in - \$ 9.99) (4in - \$ 10.99)  
 Made from durable metal with a sturdy pin for fastening. Available in 4-inch and 3-inch diameters.  
 Note: A 4.5-inch photo is used to produce the 4-inch button, so you will have to be careful to use a photo that still looks good after cropping (3.4-inch image used for 3-inch button).  
 Buttons require that your photo have at least 640x640 pixels.  
 Buttons have very accurate color reproduction, but not as accurate as photographic prints.

**Photo Ceramic Tile** (\$ 19.99)  
 6x6 inches, extremely durable glossy finish and beveled edges.  
 Color reproduction is good but not as accurate as photographic prints.  
 Your photo must have at least 1024x1024 pixels.

**Photo Coasters** (\$ 28.99)  
 Durable, hard and glossy surface with cork back.  
 Coasters come in sets of 4 (only two are shown in this photo) and measure 3.75x3.75 inches. They're slightly more than 1/8th inch thick.  
 Coasters require that your photo have at least 768x768 pixels.  
 Coasters have good color reproduction, but not as accurate as photographic prints.

**Photo T-Shirt** (\$ 17.99) (XXL - \$ 23.99)  
 Our t-shirts are made from a very light, soft and durable blend of polyester and cotton. They are polyester on the outside for a good screen and cotton inside for softness. Bright white and short-sleeved.  
 Photo t-shirts are available in youth sizes S, M, L, and XL, adult sizes S, M, L, XL and XXL.  
 Photos can be wider than tall, and must have at least 1500 pixels by 1100 pixels. T-shirts have satisfactory color reproduction, but not as accurate as photographic prints or hard-surface gifts like buttons.
